Keep On the Sunny Side

CHORUS

```
D                        G             D
Keep on the sunny side, always on the sunny side,
                           A
Keep on the sunny side of life.
        D                          G                D
It will help us everyday, it will brighten all the way,
              G      D     A       D
If we'll keep on the sunny side of life.
```

```
D                    G                D
There's a dark and a troubled side of life,
                                      A
But there's a bright and a sunny side too.
           G             A            D
Though you meet with the darkness and strife,
    A              A7       D
The sunny side you also may view.
```

CHORUS

```
D                        G              D
Though the storm and its furies rage to-day,
                                     A
Crushing hopes that we cherish so dear.
           G             A           D
Clouds and storm will in time pass a-way
    A                    A7         D
The sun again will shine bright and clear.
```

CHORUS

```
D                   G                 D
Let us greet with a song of hope each day,
                                 A
Though the moment be cloudy or fair.
       G            A         D
Let us trust in our Savior al-ways.
       A             A7         D
Who'll keep us every-one in his care
```
