Massachusetts

```
D               Em      G    D
Feel I'm going back to Massachusetts
D                    Em   G       D
Something's telling me I must go home
        D                            G
And the lights all went out in Massachusetts
          D        A7               D     A7
The day I left her standing on her own

D               Em      G       D
Try to hitch a ride to San Francisco
D            Em       G     D
Gotta do the things I wanna do
        D                            G
And the lights all went out in Massachusetts
                 D       A7               D     A7
They brought me back to see my way with you

D               Em      G    D
Talk about the life in Massachusetts
D                Em     G      D
Speak about the people I have seen
        D                            G
And the lights all went out in Massachusetts
         D            A7                   [ D ]
And Massachusetts is one place I have ... seen

 D        Em     G    D        Em     G   [ D ]
(I will remember Massachusetts)
                        I will remember Massachusetts
D        Em     G    D        Em     G   [ D ]
(I will remember Massachusetts)
                        I will remember Massachusetts
