

After Hours

CHORUS

D G D
After hours really let your hair down,
G D G A
After hours when the lights are low.
G D G
For-get about your troubles and your morning blues,
A D G A D
Put up another round; put up another round.

D A D
In by the side door, no sir.
G D A
No need to worry now the coast is clear.
G D A
We can make a little music now the night is ours
G D A D
It'll sure sound sweeter after hours.

CHORUS

D A D
Paddy sing a song like a good man.
G D A
Sing it in your own way like only you can.
G D A
You can give it all your feeling now the night is yours
G D A D
It'll sure sound sweeter after hours.

CHORUS

D A D
Out in the clear light of dawn-ing
G D A
Street seems so different in the early morn-ing
G D A
I have never heard the birds sing like this be-fore
G D A D
They sure sound sweeter after hours.
